

# WAMCon Crowdcast: Quick Tips

This year we are having WAMCon in-person and virtually!

All of our WAMCon 2021 panels will be livestreamed via Crowdcast and here are some quick tips on all things WAMCon & Crowdcast:

## Full Attendee Reference Guide

- Before joining the livestream on Crowdcast, please read this 'Attendee Quick Reference Guide': <https://docs.crowdcast.io/en/articles/651701-attendee-quick-reference-guide>

## WAMCon Livestream info

- The Crowdcast link that WAMCon 2021 will be using is: <https://www.crowdcast.io/e/wamcon2021>
- Over the two conference days, there will be a total of 18 sessions livestreamed & you will be able to use the drop-down option at the top of the crowdcast screen to explore which sessions are live
- Each session will only go live when the event actually starts in-person, so the livestream might start at a time slightly different to what the crowdcast session drop-down is displaying
- When creating your account, feel free to add: a bio w/ links so people can reach you / connect with your work, a profile picture showing who you are
- Feel free to hover across other attendees' pictures and you will be able to see their profiles & network with them via the comment section and the links they've added in their bios
- Questions: Feel free to ask questions using the question box and the presenters will be able to access them
- Upvote questions: if you want to hear an answer to a question - the more upvotes a question has, the more likely it is to be answered

## Joining with a laptop:

- Google Chrome is the most suitable browser for Crowdcast

## Joining with an iOS phone:

- Join using the crowdcast app, which is free and can be downloaded via this link: <https://apps.apple.com/us/app/crowdcast-mobile/id1119071572>

## Joining with an Android phone:

- Join via internet browser (ideally Google Chrome)

Please keep in mind that all WAMCon in-person and virtual sessions are safe environments that do not tolerate any form of hate speech and discrimination. We encourage you to be patient, kind and respectful in the comment sections. Attendees who do not follow our safe space guidelines will be removed.

Any general questions, email: [wamcon@wam.org.au](mailto:wamcon@wam.org.au)

If you experience any technical issues during the event email: [support@wam.org.au](mailto:support@wam.org.au)
