## PRESIDENT'S FOREWORD

We are cranking up the volume to celebrate the wonder that is the WA contemporary music industry. This year's WA Music Month is awash with events throughout November. WAMFest returns to Northbridge and it's going to be epic with over 70 WA artists across various venues, its the once a year opportunity to immerse yourself in the biggest array of incredible emerging and established talent. What makes this year even more special is that it coincides with Coldplay's only Australian shows at Optus Stadium. Drove of people from all corners of the country are coming in for it, and after the show will almost certainly flood into Northbridge and into a major showcase of local talent.

WAMCon has firmly established itself as the premier local industry development opportunity. Featuring a comprehensive lineup of local, national, and international industry experts sharing their insights through panels and presentations. The speaker line-up for WAMCon 2023 is incredible and is a must attend for anyone wanting to know, grow and develop a career in the industry.

To close things out, we have the WAMAwards - the industry night of nights. Here we get to honor the finest local talent across the industry - the best of the best as determined by the public and reviewed by a pool of independent industry judges. Jedediah being inducted into this year's WAM Hall of Fame will be a particular highlight.

It's going to be an amazing month. Get out there and revel in all that is brilliant about the WA music scene.

A special shout-out to our newly minted presenting partners, ECU. We're incredibly excited to have you on board, supporting all things creative and cultural in WA. Our heartfelt thanks extend to our supporting partners, the City of Perth and Lotterywest.

I'd like to also acknowledge the remarkable efforts of the WAM team. Led by Executive Director, Liv Carre, this small team achieves big things with style and a smile. And, finally, big thanks to the the WAM Board who consistently contribute their time and passion to support our incredible industry.

Al Taylor, President

## WELCOME TO WA MUSIC MONTH

It's that time again when we come together to celebrate not just the beauty of music, but the exceptional talent that makes our unique state of Western Australia shine brighter than ever. Welcome to WA Music Month 2023.

WA Music Month serves as a reminder that our WA musicians and songwriters are not just performers, but storytellers who bridge the past and future. Their words become the voice of our shared experiences and their tunes resonate with the rhythm of our lives.

To the WAM staff and contractors, you are the backbone of this event, and your dedication and hard work has not gone unnoticed. To the invaluable support we have received from our sponsors this year especially our WA Music month partner ECU, thank you!

As we dive into the festivities of WA Music Month, I want to encourage each and every one of you to embrace this month as an extraordinary opportunity to discover new music. From rock to hip-hop, to electronic beats and folk melodies, our musicians form the very heart of our ecosystem we call the WA music industry.

Working in music can be a rewarding but demanding experience. Our research shows that folks working in the Aus music industry are feeling disenchanted, isolated and keen for more opportunities to reconnect. So Support Act is bringing Sound Minds to venues across the country for genuine connection, inspiration, and a little music! Unlike your average music networking event, Sound Minds encourages everyone to leave the bullshit at the door and create a space to discuss important issues and realities that come with working in music, with warmth, honesty and humour. You'll hear from a panel of musicians, managers and industry insiders who will impart the wisdom they have gathered over the years, from the highs, lows and everything in between. Don't miss this chance to learn from the best and take your own career to the next level.

### SUCH GREAT HEIGHTS KEYNOTE WITH MEGAN JASPER (SUB POP)

Facilitated by Meri Fatin (RTRFM)

When Megan Jasper joined Sub Pop Records as an intern in the late 80's Seattle was still an isolated city by US standards. But its burgeoning cultural revolution was about to have an outsized global impact in which Sub Pop, home of grunge pioneers Mudhoney, Nirvana and Soundgarden, played a pivotal role. In her trajectory from receptionist to CEO Jasper has been around for most of the Sub Pop story and has been involved in many of the innovations that support the broader Seattle music industry to this day. In this conversation with RTRFM's Meri Fatin, Megan will share her insights on the value and potential of isolation, the magic of good infrastructure and navigating current industry challenges.

MEGAN JASPER

11:30AM-12:30PM

### CONTENT OVERLOAD

**Moderator:** Luanne Shneier

**Panelists:** Adrian Dzvuke, Ash McGregor (triple j), Ruby Miles (Laneway Festival, SXSW Sydney, FBi), Charlotte Calvert (WAM), Tait McGregor (TikTok Australia)

Content creation has exploded, offering artists unparalleled opportunities to showcase their work. Yet, with the influx of content, many artists find themselves drowning in a sea of digital noise. While social media can be a powerful tool for audience growth and engagement, its demand for constant updates, likes, and shares can be detrimental to the creative process and an artist's wellbeing. This panel discusses the challenges of managing this overflow; streamlining content curation, digital asset management, and social media scheduling.

RUBY MILES

1:00PM-2:00PM

### THE PATH TO LANEWAY

This is your backstage pass, unlocking the gates of this celebrated festival and promises to ignite your journey towards the iconic festival stage.

### ON THE ROAD AGAIN

**Moderator:** Lachlan Macara (triple j)

**Panelists:** Jess Wust (Cult Artists), Mark Neal (Bluegreypink), Simone Lewis (On The Road Travel)

Western Australian artists are part of one of the most exciting artistic hubs in the country. With well established regional touring circuits branching almost every way outwards from Perth and beyond, the growing regional network offers musicians an incredible opportunity to perform and grow audiences without leaving the state. When at the stage of exploring national touring, it starts to get a little bit tough. Limited networking opportunities and huge financial hurdles mean that timing and planning is everything. This panel will discuss navigating the intricacies of touring from this isolated hub, and provide valuable insights into building viable touring opportunities. From optimising your travel routes to leveraging the vibrant West Australian regional music circuit, we'll explore how Perth-based artists can conquer the distance and celebrate their unique musical roots.

### 11:30AM-1:00PM ARTISTS > BEATMAKERS > CONTRACTS: THE ABC'S OF COLLABORATION

**Moderator:** JCAL (ALLBREED)

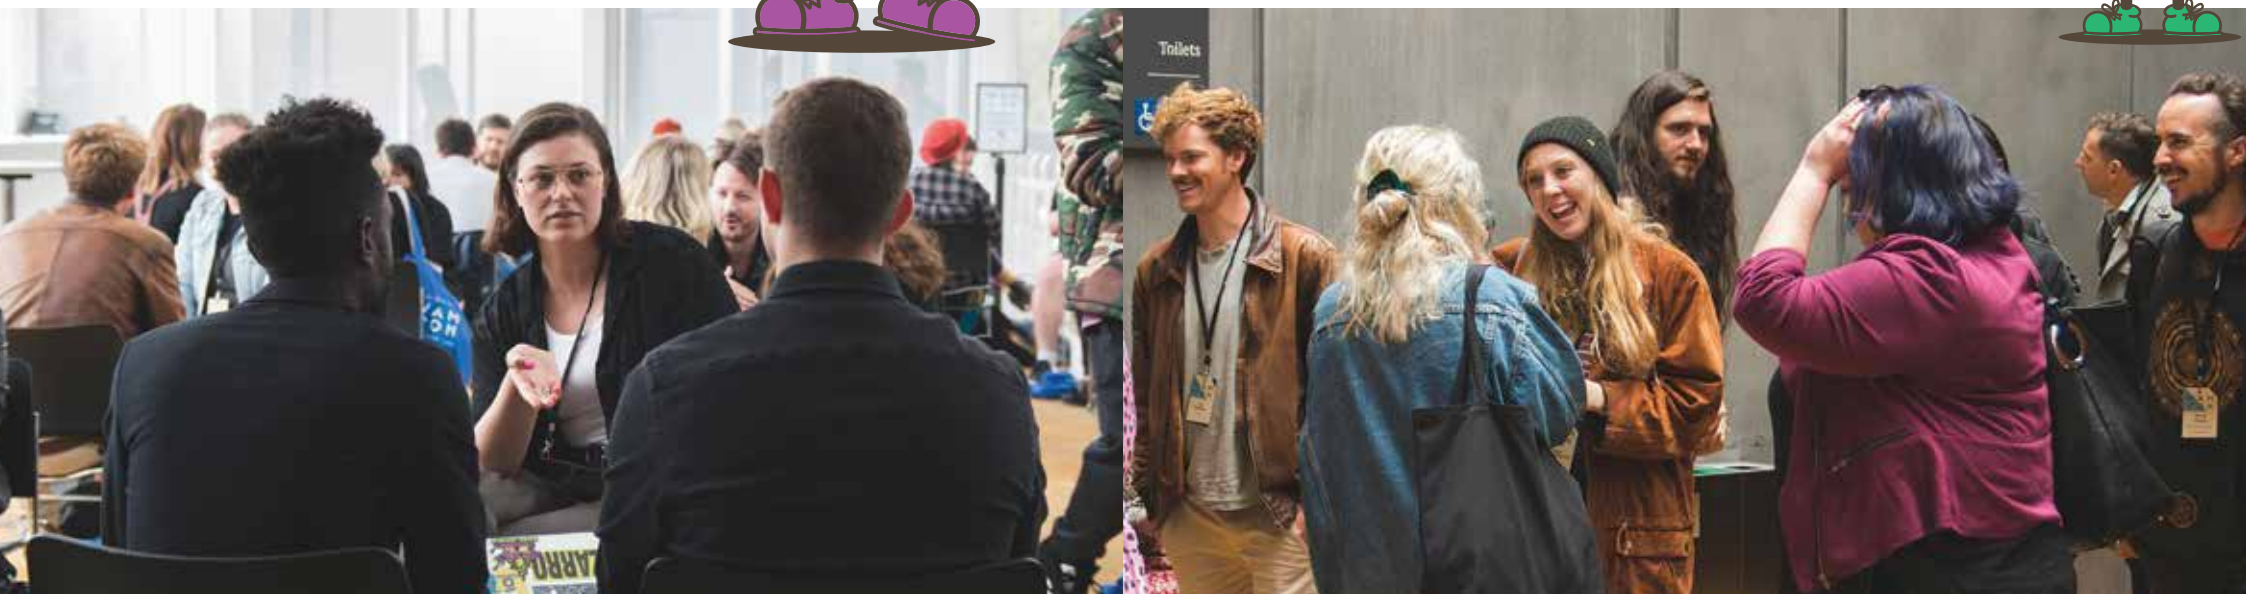

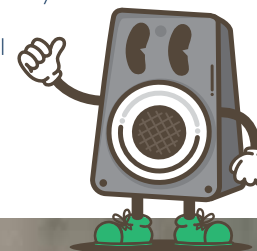

**Panelists:** Mali Jo\$e, Cesare Papa (ALLBREED), Drea

Collaborative partnerships almost always start out as a casual and fun way to artistically connect, but can quickly turn into something much less enjoyable. These relationships can develop into unnecessary conflicts, ego battles, uncommunicated expectations, studio etiquette lapses, and even legal disputes. This session discusses common hurdles in collaboration such as how to navigate awkward conversations, managing creative differences, providing constructive feedback, negotiating fair compensation, and maintaining shared creative control. This session will be followed by open discussion and chances to connect with like minded artists and producers.
